

## TDI Social Distancing Mask Cleaning

### STEP 1:

Apply anti-viral and/or anti-bacterial soap to face mask

### STEP 2:

Soak face mask with warm water and hand wash face mask. Be sure to wash mask for no less than 60 seconds

### STEP 3:

Thoroughly rinse mask under running water

### STEP 4:

Ring all excess water out of mask. Be careful not to damage the metal under the foam nose padding

### STEP 5:

Lay mask out on flat surface, or hang, to dry over night
